

Prince George House Day Care Centre, Ipswich

Discover a unique day club for older people

Welcome to the Prince George House Day Care Centre, providing flexible day care for older people who are still living independently.

Our club is the ideal place for your loved one to come and enjoy fun and stimulating activities and to make new friends, all in comfortable surroundings. It also gives you, their carer, the chance to have some time to yourself - whether it's a half or full day with us.

Everything we do is focused on helping your loved one to maintain an active and healthy

lifestyle, whether they're into gardening, cooking, gentle exercise or quizzes.

Time for you

The Prince George House Day Care Centre is as much about you, the family carer, as it is about your loved one. As a carer it's easy to put your own needs last. Let us take care of your loved one while you enjoy some well deserved time to yourself, whether you need to go shopping, meet a friend or simply relax. Our current club members' families say they always return to their caring role refreshed and re-energised having had some time to themselves.

Who will you meet at the Prince George House Day Care Centre?

Many of our centre members are still living in their own homes but find that getting out and about on a regular basis gives them something to look forward to, keeps them independent and actually makes life back at home easier.

The club also caters to those who are living with Alzheimer's and other forms of dementia. Sessions are managed by carers who are highly experienced and trained in caring for older people with this condition.

Access to other healthcare professionals such as podiatry and chiropody can also be arranged.

The support you deserve

Our experienced carers at the Prince George House Day Care Centre are here to support you and your loved one by delivering high quality, flexible care. Talk to them today to find out how they can help you.

To join, please call 01473 953 162.
