

Westfield Park

Key facts summary

Key information

- Number of rooms:** 86 single rooms and 4 couples rooms (all with en-suite bathrooms).
- Home manager:** Emma Medici
- Regulation:** We are registered and regulated by the Care Quality Commission (CQC), the independent regulator of health and social care in England. This home has not yet been inspected under Care UK management. The rating under previous ownership is **Good** (June 2019).
- Care types:** We provide residential, dementia, respite and end of life care.
- Staffing:** The home is run by a Home Manager who is supported by a leadership team, comprising leads in care, maintenance, housekeeping, catering and lifestyle. We regularly review staffing levels and adapt them to resident needs. We use a dependency tool to help us make informed decisions about how many staff we need each day, based on the number and needs of residents. Our Home Manager can provide further information about staffing arrangements if required.

Funding options

We accept self-funders and local authority funded residents able to pay a top-up fee to meet our weekly fee. Where the top-up is payable, the local authority should pay us for the full cost of care, and collect the top-up from you directly.

If you believe you might be entitled to local authority funding you should contact the Social Service team at your local council directly.

Where nursing care is provided, we may also be able to accept NHS continuing healthcare.

Trial period: Your first 4 weeks (6 weeks if local authority funded) is considered a trial period, during which either you or we can end the contract after serving a short written notice on the other. We will only end the contract during the trial period if we feel we are unable to meet the needs of the residents or their families.

Requirements on admission for self-funders

To confirm your admission, we will ask you to provide details of your plans to fund your residency for a minimum of two years. If you are unable to show that you can meet this minimum funding period, we may not be able to proceed with your admission, unless someone is able to act as your guarantor.

We request a direct debit mandate to be set in place at the commencement of your residency. You will also be required to pay:

- Four weeks' advance payment. Subsequent payments are due monthly in advance.
- Two weeks' deposit which will be held by us for the duration of your residence. Your deposit will be safeguarded and will normally be refunded within 28 days of the end of your residency, subject to our right to deduct non-payment of fees or damage to property.

Weekly fees

	Permanent	Respite
Residential care	from £1,465	from £1,675
Residential dementia care	from £1,535	from £1,745

Fees are subject to a pre-admission needs assessment which is required to fully understand the level of care and support required by each individual. Premium rooms normally require an additional charge.

What's included?

- All care and support including a monthly review of care plans
- All meals, snacks and drinks freshly prepared every day by our chef
- In-house café with homemade cakes, and a variety of speciality teas and coffees
- Access to landscaped gardens
- Use of in-house cinema
- Activities and lifestyle programme
- All utilities and other accommodation costs
- Housekeeping and laundry services
- WiFi internet access

Please note, the weekly fee does not include hairdressing, chiropody or other healthcare visits or appointments not covered by the NHS, toiletries, newspapers or magazines, any over the counter medications that a GP wouldn't normally prescribe such as paracetamol and indigestion relief, and any other privately arranged healthcare. Should you require an escort to hospital appointments, we may apply an agreed hourly charge for this service.

Funding status changes

If during your stay your funding status changes, we will do all we can to continue to accommodate you in the home, but we can only guarantee continued residency if the new funding meets our care costs. Otherwise we may end your residency with us or require you to move to a less expensive room if one is available.

Changes in fees

There may be fee changes if you ask to upgrade your room, or if, upon assessment, your care needs have changed materially, in which case we will discuss any changes to fees with you as early as possible. Fees may also be increased in the event of significant unpredictable cost increases driven by factors such as exceptional economic shifts, changes to employment costs, new or updated legislation or sector regulation, and increases to our supplier costs. Should this occur, we will give you 12 weeks' notice of any exceptional changes to your fee level.

Contents insurance

Residents are welcome to bring in small items to make them feel at home. We are unable to accept responsibility for items that are lost or damaged, so please arrange suitable contents insurance for any items you bring with you. We would also recommend creating an inventory list for these belongings.

Safe admissions

We strongly recommend that every new resident who joins us has been vaccinated against COVID-19. We believe vaccinations provide an important level of protection to you, other residents and our colleagues. For the latest information on our commitment to safe admissions and our approach to safety and cleanliness please visit [careuk.com/residentsafety](https://www.careuk.com/residentsafety)

Our full terms and conditions are available in our admission agreement which is published on our website.
